Re: South Carolina Electric & Gas's Combined Application for Certificate of Environmental Compatibility, Public Convenience and Necessity and for a Base Load Review Order
Docket No. 2008-196-E

Dear Mr. Terreni:

S.C. Code Ann. § 58-33-140 (Supp. 2007) sets forth statutory parties to certification proceedings under the Utility Facility Siting and Environmental Protection Act. Those statutory parties are the South Carolina Office of Regulatory Staff ("ORS"), the Department of Health and Environmental Control ("DHEC"), the Department of Natural Resources ("DNR"), and the Department of Parks, Recreation and Tourism ("PRT"). See S.C. Code Ann. § 58-33-240(B) (Supp. 2007) of the Base Load Review Act which specifically incorporates S.C. Code Ann. § 58-33-140 (Supp. 2007).

By copy of this letter, ORS is providing to DHEC, DNR and PRT a copy of all ORS filings made with the Commission in this docket as of today's date. ORS will copy these parties in all future filings.

Sincerely,

Shannon Bowyer Hudson

Re: South Carolina Electric & Gas's Combined Application for Certificate of Environmental Compatibility, Public Convenience and Necessity and for a Base Load Review Order
Docket No. 2008-196-E

Dear Mr. Terreni:

Please accept this letter as comments to South Carolina Electric and Gas's ("SCE&G's") Petition for an Order permitting commencement of construction activities related to two nuclear facilities to be located at the V.C. Summer Nuclear Station site near Jenkinsville, South Carolina. The South Carolina Office of Regulatory Staff ("ORS") does not oppose commencement of construction activities as S.C. Code Ann. 58-33-110(7) states that such related activities are at the Company's risk. This statute also states that permission to proceed shall not in any way indicate approval of the proposed site or facility. Ratepayers will not be responsible for such costs unless they are deemed prudent pursuant to the Base Load Review Act.

Sincerely,

Shannon Bowyer Hudson

Re: South Carolina Electric & Gas's Combined Application for Certificate of Environmental Compatibility,
Public Convenience and Necessity and for a Base Load Review Order
Docket No. 2008-196-E

Dear Mr. Terreni:

The South Carolina Office of Regulatory Staff ("ORS") is in receipt of the letter jointly filed by CMC Steel South Carolina and the South Carolina Energy Users Committee ("SCEUC") requesting a procedural schedule extension in the above matter.

ORS agrees with the assertions and reasoning set forth in the letter. The information to be studied and reviewed is voluminous. The parties will not be known until August 20, 2008. All will be better served by providing an extension of time.

Sincerely,

Shannon Bowyer Hudson
